

Saratoga

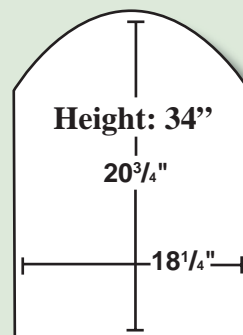

The Saratoga was designed to fit into smaller spaces without sacrificing its strong heating capacity. Far and away the Saratoga is the most attractive, compact, powerful Pellet Stove available. With its baked red enamel finish and our “Soft-Touch” control system, this elegant unit looks more like a piece of furniture than a super efficient pellet burning stove.

Features:

- 35,000 BTU
- 45lb Hopper
- 85.5% Efficient
- Digital soft touch control system
- Interior brick standard
- Convenient, large easy-slide ash drawer
- Electronic igniter
- 3” Flue outlet

OPTIONS:

- Log Set
